of M&M's existing Commercial Division business as well as driving new commercial business in targeted expansion markets. Larry will assume his new position on February 1st and will office at M&M's Garland, Texas facility. He can be reached at (972)485-1504 or by e-mail at lcook@mmmfg.com.

Prior to joining M&M, and since 1972, Larry held numerous leadership positions at TDIndustries in Dallas, Texas. He most recently held the position of Managing Director and is a past member of their Board of Directors. In addition; Mr. Cook has been heavily involved in industry groups and trade organizations. He served on the national Board of Directors for ACCA, and was President of Texas ACCA at both state and local levels.

"We are focused on growing our commercial duct business and expanding our geographic footprint", said Rob Felton, President of M&M Manufacturing Company. He adds, "Larry's experience, reputation, team spirit, and track record of strategically growing business will be instrumental in our success going forward".
